Attention: Paul Phone  
President

Dear Paul:

Now that we have successfully completed the XV Olympic Winter Games, we wish to express our sincere appreciation to your Company who provided services for the baggage, equipment and materials handling contract.

As a 'service group' Transportation is often overlooked, however, because of the outstanding performance of your team members in handling,

- all office moves.
- baggage and equipment for some 10,000 Team'88 members, arriving and departing.
- 10,000 chairs for Opening and Closing Ceremonies.
- movement of all hockey equipment for participating teams.
- movement of two Matrix boards each weighing in excess of 26 tons on a daily basis, and

numerous other moves, many of which were performed with little or no notice, at all hours of the day, seven days a week, Classic Moving received well-deserved recognition from the many foreign and local participants of the IOC, Sports Federations, National Olympic Committees, Media and Corporate Sponsors.

Certainly the job could not have been so well handled without the high degree of commitment that we received from all the members of your company.
