Dear Magnus:

Re: Calgary Home & Interior Design Show Sept. 16-19, 2004

Magnus, I wanted to write a short note to thank you for making arrangements to move our display down to the above show. Both Kevin and Mario did a great job in coordinating our move. The move went very well in and out of Hall C. I really appreciate it when a company shows up on time and makes the delivery on time. It helps me to coordinate the whole show. Please pass on my thanks to Kevin and Mario. I hope we can work together for future shows. Thanks again.

Yours sincerely,

Ron Houser
